Education

PhD in Computer Science, GPA: 92.8

Technion, Israel, Oct 2014 - Apr 2019

lala baba gaga

- Thesis: Approximation Algorithms for Submodular Maximization and Network Design Problems.

Professional Experience

Machine Learning Researcher

[Organization Name], [Start Date – End Date or Present]

- Conducted research on [specific topics, e.g., deep learning, NLP, reinforcement learning].
- Published [number] papers in top-tier conferences, including [e.g., NeurIPS, CVPR].
- Developed [specific algorithms/models/tools] to [describe impact, e.g., improve prediction accuracy by X%].

Publications

1. **[Paper Title]** – [Conference/Journal Name], [Year].
   Summary: [One-line description of the paper's focus and significance].

Side Projects
